FYI:

Got the following error whilst trying to post my last reply. Hitting back and POST again and it worked fine.

Cheers, Rob.

```
ERROR: Cannot insert a duplicate key into unique index nstservers_bodiespri_key
Insert Into nstservers_bodies (id, body, thread) values (15, '>
http://www.byteplant.com/support/nospamtoday/server/changes.html Will these \"Additional
rulesets updated\" help with picking up spam? Just trying to decide whether to upgrade. Cheers,
Rob. ', 9)ERROR: Cannot insert a duplicate key into unique index nstserverspri_key
