In earlier version (1.xxx) daily report contained number of Spam mail:

Mail Statistics (Since Last Report):

spam mail:	1034 (54.5%)
legitimate mail:	864 (45.5%)
unchecked (exceeding max. mail size):	111
unchecked (spam check disabled):	0
unchecked (error):	0
total no. of mails received:	2009

Now we cannot see how much spam mail we receive (we have Accept and Deliver method, Spam mails flagged as Spam).

Daily statistics for proxy "SMTP Proxy":

Totals:

Messages filtered:	1823 (100.0%)
blocked:	29 (01.6% of 1823)
passed:	1794 (98.4% of 1823)
Messages not filtered:	0 (00.0%)

	=====
Total	1823 (100%)

How could we see statistic of Spam mail?
