Are these sites related to nospamtoday.com:

<http://www.nospamtoday.co.uk/>
<http://www.nospam2day.com/>

They seem to have an old copy of the website on them and a link an Irish site at the top.

No, these sites are in no way related to the NoSpamToday! product or its manufacturer, byteplant GmbH.
The domains were registered by a domain grabber and byteplant is taking legal action against this person.
