Hello.

I have the problem that some of the mail with hi score (about 30-40) somtimes are not be deleted.

As you can see the first mail is delivered, the second was deleted. (same Spamscore):

```

Jan 04, 2007, 21:45:21 Session 0: Received end of data, mail size 2kB
Jan 04, 2007, 21:45:21 Session 0: (SpamAssassin) Executing: sa\spamassassin.exe -x -c
```

"sa\ruleset" -e 255

Jan 04, 2007, 21:45:30 Session 0: (SpamAssassin) Command line exit code is 255

Jan 04, 2007, 21:45:30 Session 0: (SpamAssassin) Filter result is reject/deliver

Jan 04, 2007, 21:45:30 Session 0: (SpamAssassin) Spam score: 26.6

Jan 04, 2007, 21:45:30 Session 0: (SpamAssassin) Drop threshold exceeded, mail action now reject/delete

Jan 04, 2007, 21:45:30 Session 0: Incoming mail action: reject/delete

Jan 04, 2007, 21:45:31 Session 0: 550 Your message was not delivered for policy reasons.

Jan 04, 2007, 21:45:31 Session 0: Connection closed by client

Jan 04, 2007, 21:45:31 Session 0: Connection from 82.146.242.246 closed

Is this maybe a performance problem?

Have you any Idea? Pleas let me know...

It seems that NoSpamToday! is unable to parse the X-Spam headers of the message correctly.

If you can, please capture mail messages using a mail storage filter, and if you receive a problem message again, please send it to [nstsupport@byteplant.com](mailto:nstsupport@byteplant.com), so we can see what exactly is going wrong.
