Hi,

Just installed a trial on EXCHANGE 2003 SP2 (same IP, diff ports)
Firewalled router redirection to 26. No changes made on EXCHANGE.
All tests succeded (relay, redirect).
Stopped all Panda Enterprise Security Bundle services except Antivirus.
Able to send/receive from Outlook client
Restarted SMTP and NST

---- PROBLEMS/QUESTIONS -----

Keep receiving spams

NST CONSOLE STATUS

Addresses used/licensed= 0/unlimited

Active Sessions = 0

Why ?

Only traffic reported as blocked is from adminwizard@byteplant to nstpsupport@byteplant

I hve read most of the posts
No more clues

We're getting huge amounts of spam.

PLEASE HELP ME ANYONE if you can (I'm NEW to this SPAM Fight)

Folowing is the log ..

Obviously incoming SMTP traffic is still going to your exchange server directly.
Please check your DNS/router/firewall settings again.
