Hello,

This seems like a very basic questions, but where do I find the reason for an e-mail being blocked ?

i.e. from looking at the 'Report' tab, I can identify an e-mail which should have gone through, but was blocked. I can't see an easy way of identifying WHY that e-mail was not allowed through.

Thanks,

David

To receive detailed information on the status of an email on the "Report" tab, right-click and select "Transmission Log" from the context menu.

Thanks!

I found that not longer after I posted, not sure how I missed it before..

David
