We are happy to announce the release of version V3.1.5.1 on Oct 29, 2008.

Some defaults have changed, so if you want to keep the behaviour of the earlier versions, please check the following settings:

- attachment filter error policy
- spamassassin filter client/server enable (advanced options)

For a complete list of changes, please find the revision history here:

<http://www.byteplant.com/support/nospamtoday/workstation/changes.html>

The new version can be downloaded here:

<http://www.nospamtoday.com/download/workstation/>

We are very grateful for any feedback, feature requests and bug reports you may want to provide. Please contact us by email to nstsupport@byteplant.com.
